Start on the highest value the market will bear to herald the largest profits, and plan to discount the ebook a number of instances throughout the year.

Be certain that your gross sales copy is strictly the same on each page, and contains your promoting-handle sentence. Then figure out for each web page the conversion ratio between visitors to your website and gross sales of your book. This can inform you what your optimum price is.

Finally, when you've written a guide that solves a drawback or presents a new technique, your book will usher in both visitors and profits.
