An efficient approach for determining a price is to ship out a survey to your current customers. If these clients have already purchased an e-book from you, ask for their opinion in terms of price. Do

this by creating a gross sales page for the new e book, but don't embody a price on that page. Instead, add a lot of links to survey questions that ask pointed questions to aid you in assigning a worth to your ebook.

Another strategy is to check out costs by creating a number of duplicate gross sales pages with completely different costs on each page. Be certain your sales copy is exactly the identical on every web page, and contains your selling-deal with sentence. Then figure out for each web page the conversion ratio between visitors to your web site and sales of your book. This may inform you what your optimum worth is.

In the end, in case you've written a guide that solves a downside or presents a brand new method, your book will bring in both visitors and profits. So remember to write that selling-handle sentence that sums up what drawback your ebook solves and what the advantages of your 122 e-book might be to the purchasers who buy it. And then watch your market come to you!
