Another technique is to test out prices by making a variety of duplicate gross sales pages with completely different prices on each page. Make certain your gross sales copy is precisely the same

on each page, and includes your promoting-handle sentence. Then figure out for every page the conversion ratio between visitors to your web site and sales of your book. This can tell you what your optimum price is.

Finally, if you've written a ebook that solves a problem or presents a brand new method, your guide will herald each site visitors and profits.
