An efficient approach for figuring out a price is to send out a survey to your current customers. If these customers have already bought an ebook from you, ask for his or her opinion in terms of price. Do that by creating a sales web page for the brand new book, however don't embody a value on that page. Instead, add a lot of links to survey questions that ask pointed questions to assist you in assigning a value to your ebook.

One other strategy is to test out prices by creating a variety of duplicate gross sales pages with totally different costs on every page. Be certain your sales copy is precisely the identical on every page, and consists of your selling-deal with sentence. Then figure out for every web page the conversion ratio between visitors to your website and sales of your book. This can let you know what your optimum value is.

Finally, when you've written a guide that solves a problem or presents a brand new method, your book will herald both site visitors and profits. So remember to write that promoting-deal with sentence that sums up what drawback your book solves and what the benefits of your 152 e book might be to the purchasers who buy it.
