price. Do this by creating a gross sales web page for the brand new e book, however do not include a price on that page. As a substitute, add numerous hyperlinks to survey questions that ask pointed questions to aid you in assigning a value to your ebook.

Another technique is to check out costs by creating a variety of duplicate gross sales pages with different prices on each page. Be certain that your sales copy is exactly the identical on each page, and consists of your promoting-deal with sentence. Then work out for each page the conversion ratio between guests to your site and sales of your book. It will let you know what your optimum price is.

Ultimately, in case you've written a book that solves a downside or presents a new technique, your book will bring in each site visitors and profits.
