An effective approach for determining a value is to send out a survey to your present customers. If these prospects have already bought an book from you, ask for his or her opinion in terms of price. Do that by creating a sales page for the new ebook, but do not embrace a value on that page. Instead, add a lot of links to survey questions that ask pointed questions to help you in assigning a worth to your ebook.

Another strategy is to check out prices by creating a variety of duplicate gross sales pages with completely different prices on each page. Be certain your sales copy is strictly the same on each page, and contains your selling-handle sentence. Then work out for each page the conversion ratio between guests to your website and sales of your book. This will let you know what your optimum worth is.

Ultimately, should you've written a e book that solves a downside or presents a new method, your e book will herald both visitors and profits. So you'll want to write that selling-deal with sentence that sums up what problem your guide solves and what the advantages of your 195 ebook can be to the purchasers who buy it.
