Do that by making a sales web page for the new ebook, however don't embody a price on that page. As an alternative, add a number of links to survey questions that ask pointed questions to assist you in assigning a price to your ebook.

One other technique is to check out prices by creating a variety of duplicate gross sales pages with totally different costs on every page. Ensure your sales copy is exactly the identical on every web

page, and contains your promoting-handle sentence. Then figure out for each web page the conversion ratio between guests to your website and gross sales of your book. It will tell you what your optimum price is.

Finally, when you've written a book that solves a drawback or presents a brand new approach, your e book will bring in both site visitors and profits.
