The key that unlocks the gross sales potential of your ebook is to discover a single sentence that turns into your selling handle. Another strategy is to test out costs by creating a variety of duplicate sales pages with completely different costs on every page. Be sure your gross sales copy is exactly the identical on every page, and includes your selling-deal with sentence. Then determine for each page the conversion ratio between guests to your website and sales of your book. This can tell you what your optimum price is.

In the end, if you happen to've written a e-book that solves a downside or presents a brand new approach, your book will herald both traffic and profits. So be sure to write that promoting-handle
