Do that by making a sales page for the brand new e-book, however don't include a value on that page. Another technique is to check out prices by making a number of duplicate sales pages with totally different costs on every page. Make certain your gross sales copy is strictly the identical on each

web page, and includes your selling-deal with sentence. Then figure out for every web page the conversion ratio between guests to your site and sales of your book. This may inform you what your optimum value is.

In the end, in the event you've written a ebook that solves a problem or presents a brand new technique, your book will herald both site visitors and profits.
