An efficient approach for determining a value is to send out a survey to your current customers. If these customers have already purchased an e book from you, ask for his or her opinion by way of price. Do that by making a gross sales page for the brand new guide, but don't embrace a value on that page. Instead, add quite a few hyperlinks to survey questions that ask pointed questions to aid you in assigning a price to your ebook.

Another technique is to check out costs by making a number of duplicate sales pages with completely different costs on every page. Be certain your sales copy is precisely the same on each web page,

and contains your selling-handle sentence. Then determine for each page the conversion ratio between visitors to your site and gross sales of your book. This will let you know what your optimum price is.

Ultimately, should you've written a guide that solves a downside or presents a new method, your book will usher in both site visitors and profits. So make sure to write that selling-handle sentence that sums up what downside your ebook solves and what the advantages of your 2173 book will likely be to the shoppers who purchase it.
