An efficient method for determining a price is to ship out a survey to your current customers. If these customers have already bought an ebook from you, ask for their opinion in terms of price. Do this by making a gross sales page for the new guide, but do not embrace a value on that page. As an alternative, add various hyperlinks to survey questions that ask pointed questions to assist you in assigning a value to your ebook.

Another strategy is to test out prices by creating a variety of duplicate gross sales pages with completely different costs on every page. Be certain that your sales copy is precisely the same on every page, and consists of your selling-handle sentence. Then determine for every page the conversion ratio between visitors to your site and gross sales of your book. It will inform you what your optimum worth is.
