An effective method for figuring out a value is to ship out a survey to your present customers. If these clients have already bought an e book from you, ask for their opinion in terms of price. Do this by creating a gross sales page for the brand new ebook, but don't embrace a worth on that page. Instead, add a variety of links to survey questions that ask pointed questions to aid you in assigning a value to your ebook.

Another strategy is to test out costs by creating a variety of duplicate gross sales pages with completely different prices on each page. Make sure your gross sales copy is strictly the similar on every page, and consists of your promoting-deal with sentence. Then work out for each web page the conversion ratio between guests to your web site and sales of your book. This may let you know what your optimum price is.

In the end, if you happen to've written a guide that solves a problem or presents a new technique, your book will bring in both traffic and profits.
