One other strategy is to check out costs by creating a number of duplicate sales pages with completely different costs on every page. Ensure that your sales copy is strictly the similar on

every page, and consists of your selling-deal with sentence. Then determine for every web page the conversion ratio between visitors to your website and gross sales of your book. This will tell you what your optimum price is.

Finally, if you've written a e-book that solves a downside or presents a brand new method, your book will bring in both visitors and profits.
