An efficient method for figuring out a worth is to ship out a survey to your current customers. If these prospects have already bought an book from you, ask for his or her opinion in terms of price. Do that by creating a sales page for the new guide, but don't embrace a value on that page. Instead, add various hyperlinks to survey questions that ask pointed questions to assist you in assigning a price to your ebook.

Another technique is to check out prices by creating a variety of duplicate sales pages with different prices on each page. Make sure that your gross sales copy is strictly the identical on

each web page, and contains your selling-handle sentence. Then figure out for every web page the conversion ratio between visitors to your site and sales of your book. It will tell you what your optimum value is.

In the end, when you've written a ebook that solves a drawback or presents a brand new method, your e-book will bring in both site visitors and profits.
