Then be sure to use that sentence in each piece of gross sales and promotional materials, and every time anybody asks you about your ebook.

Apart from selling your books assiduously online, there are several other strategies that can show you how to sell more books.

One is to present something away without cost along with your ebook, reminiscent of a valuable bonus item. Or bundle a number of ebooks below one worth, which lowers the value for every book if they have been sold separately.

An effective technique for figuring out a price is to send out a survey to your present customers. If these customers have already purchased an e-book from you, ask for their opinion by way of price. Do that by creating a sales web page for the new e book, however don't embrace a value on that page. Instead, add plenty of links to survey questions that ask pointed questions to assist you in assigning a value to your ebook.

Another technique is to check out costs by creating a number of duplicate gross sales pages with completely different prices on each page. Make sure your sales copy is strictly the similar on each

web page, and includes your promoting-deal with sentence. Then figure out for every web page the conversion ratio between visitors to your site and gross sales of your book. It will let you know what your optimum value is.

Ultimately, if you've written a book that solves a downside or presents a new method, your book will usher in both site visitors and profits. So be sure you write that selling-handle sentence that sums up what downside your book solves and what the benefits of your 2670 book will probably be to the purchasers who purchase it.
