Another strategy is to test out costs by making a number of duplicate gross sales pages with totally different prices on every page. Make certain your sales copy is precisely the similar on every page, and contains your promoting-handle sentence. Then determine for each web page the conversion ratio between visitors to your web site and gross sales of your book. This may inform you what your optimum worth is.

Finally, should you've written a e book that solves a problem or presents a brand new technique, your guide will herald both site visitors and profits.
