Another strategy is to test out costs by creating a number of duplicate gross sales pages with completely different prices on every page. Be certain that your sales copy is strictly the similar

on every web page, and contains your selling-handle sentence. Then work out for each page the conversion ratio between visitors to your web site and gross sales of your book. It will let you know what your optimum value is.

In the end, should you've written a guide that solves a problem or presents a brand new technique, your ebook will bring in each traffic and profits.
