An effective method for determining a value is to send out a survey to your present customers. If these prospects have already bought an e book from you, ask for his or her opinion in terms of price. Do that by making a gross sales web page for the new book, however don't embody a price on that page. As a substitute, add quite a few hyperlinks to survey questions that ask pointed questions to assist you in assigning a value to your ebook.

Another strategy is to test out prices by creating a number of duplicate gross sales pages with completely different prices on each page. Be certain that your gross sales copy is strictly the same on each web page, and consists of your selling-deal with sentence. Then figure out for every page the conversion ratio between visitors to your web site and gross sales of your book. This may inform you what your optimum worth is.

In the end, when you've written a book that solves a drawback or presents a new technique, your book will bring in both site visitors and profits.
