One other technique is to test out prices by making a variety of duplicate gross sales pages with different prices on each page. Make sure that your gross sales copy is exactly the identical on

every web page, and includes your selling-deal with sentence. Then work out for every web page the conversion ratio between visitors to your site and gross sales of your book. This can tell you what your optimum price is.

Finally, should you've written a ebook that solves a drawback or presents a new approach, your ebook will usher in both site visitors and profits.
