solutions and the advantages your e-book can provide. Then make sure you use that sentence in every piece of gross sales and promotional material, and every time anybody asks you about your ebook.

Apart from selling your books assiduously online, there are a number of different strategies that may provide help to sell more books.

One is to provide something away without cost along with your e book, corresponding to a precious bonus item. Or bundle a number of ebooks under one worth, which lowers the value for each book in the event that they have been offered separately.

An efficient method for determining a price is to send out a survey to your present customers. If these prospects have already purchased an ebook from you, ask for their opinion in terms of price. Do this by making a gross sales page for the new e book, but don't include a value on that page. Instead, add plenty of hyperlinks to survey questions that ask pointed questions to aid you in assigning a value to your ebook.

One other strategy is to check out prices by making a variety of duplicate gross sales pages with completely different prices on every page. Ensure that your sales copy is exactly the identical on each page, and contains your selling-deal with sentence. Then figure out for every page the conversion ratio between guests to your website and sales of your book. This will let you know what your optimum price is.

Ultimately, in case you've written a e-book that solves a problem or presents a new technique, your ebook will usher in both traffic and profits. So be sure you write that selling-deal with sentence that sums up what drawback your e-book solves and what the advantages of your 70 e book will probably be to the purchasers who purchase it.
