The key that unlocks the gross sales potential of your e book is to find a single sentence that becomes your selling handle. This sentence states what query or drawback your e book answers and the advantages your e-book can provide. Then you'll want to use that sentence in each piece of sales and

promotional material, and each time anybody asks you about your ebook.

An efficient approach for figuring out a value is to ship out a survey to your present customers. If these prospects have already purchased an e-book from you, ask for their opinion by way of price. Another strategy is to test out costs by creating a number of duplicate gross sales pages with completely different costs on every page. Be sure your gross sales copy is exactly the identical on each page, and contains your selling-handle sentence. Then determine for every web page the conversion ratio between guests to your site and sales of your book. This will let you know what your optimum worth is.

Finally, if you happen to've written a e book that solves a drawback or presents a new technique, your ebook will usher in each site visitors and profits.
