Then be sure you use that sentence in every piece of gross sales and promotional materials, and each time anyone asks you about your ebook.

In addition to selling your books assiduously on-line, there are a number of other methods that may enable you to promote more books.

One is to give something away free of charge together with your book, akin to a beneficial bonus item. Or bundle several ebooks under one price, which lowers the value for each e book in the event that they had been sold separately.

An efficient technique for determining a price is to send out a survey to your current customers. If these prospects have already bought an e-book from you, ask for their opinion in terms of price. Do

this by making a sales page for the new e-book, but don't embrace a price on that page. As an alternative, add various hyperlinks to survey questions that ask pointed questions to assist you in assigning a price to your ebook.

Another strategy is to check out costs by creating a number of duplicate gross sales pages with completely different costs on every page. Make certain your gross sales copy is strictly the identical on every page, and consists of your promoting-handle sentence. Then determine for each web page the conversion ratio between guests to your site and gross sales of your book. This may tell you what your optimum worth is.

In the end, if you happen to've written a guide that solves a drawback or presents a new approach, your e-book will bring in each visitors and profits.
