Nevertheless, if your ebook contains precious ? and extra importantly NEW data, references, or techniques ? then you should goal to cost it on the high end.

After you determine your purpose, you have to work out what your audience's want is in your ebook. For instance, does your book clear up a selected problem? If it does, and solves it in a method that hasn't been written about in 100 other ebooks, you can be capable of obtain high gross sales at a

excessive price. If your e-book solves an issue or solutions questions in a brand new and distinctive method, it is best to worth your ebook as high as you may go. If you wish to see massive earnings over buyer draw, aim for an viewers that's searching for easy solutions to their issues at a low price. If your e book is geared toward solving one specific drawback somewhat than common recommendation, then you can charge more. Begin on the highest worth the market will bear to herald the largest earnings, and plan to discount the book a variety of occasions throughout the year.

## Advertising and marketing Methods

The key that unlocks the gross sales potential of your e book is to discover a single sentence that becomes your selling handle. This sentence states what question or problem your ebook answers and the benefits your e book can provide. Then you should definitely use that sentence in each piece of

gross sales and promotional material, and each time anyone asks you about your ebook.

Apart from selling your books assiduously on-line, there are a number of other strategies that may enable you promote more books.

An effective approach for determining a worth is to send out a survey to your present customers. If these customers have already purchased an e book from you, ask for his or her opinion in terms of price. Do this by creating a sales web page for the new e book, however do not embrace a price on that page. As a substitute, add a number of hyperlinks to survey questions that ask pointed questions to aid you in assigning a value to your ebook.

One other technique is to check out prices by making a number of duplicate gross sales pages with different costs on each page. Be certain your gross sales copy is precisely the same on each web page, and contains your promoting-handle sentence. Then figure out for each page the conversion ratio between guests to your site and sales of your book. This can tell you what your optimum price is.
